

ECCO 510

Ecco 510 is a multi-purpose manual high-pressure spray gun with exchangeable paint filter in the gun handle. The gun has an integrated swivel coupling for the paint hose connection, providing optimum freedom of movement when spraying in confined spaces. The 4-finger trigger makes the gun easy to operate also when using protection gloves. The EccoFlex airless hose is recommended for this gun.

Note! No spray tip is included when ordering the gun. See separate ordering number.
