

ECCO POWER FLOW 328S

Ecco Power Flow 328S is particularly suitable for craftsmen as an additional unit and for industrial painting jobs. The Ecco 328S qualifies for the machine building, wood furniture, steel and vehicle industries. It is suitable for anyone who uses a variety of painting materials. The pump also qualifies for manual and automated installations feeding one or more spray guns. These Ecco Power Flow pumps can be delivered bare, on a tripod, on a trolley or on a wall bracket. The Airless model can easily be adjusted into an Air Assist model (AA).

TECHNICAL DATA

Pressure Ratio	28:1
Max spray volume (cc/min)	1500
Capacity (cc/double stroke)	40
Paint connection, suction/pressure	3/4" and 1/4"-18
Max air inlet pressure, bar (psi)	8 (116)
Max air consumption (lit/min)	400
Max output pressure (Bar/Psi)	224 (3250)

PUMP TYPE	TYPE OF ASSEMBLY	ORDERING NUMBER	WEIGHT
328S-A	Bare pump	8621 0715 00	16 kg
328S-B-A	Bracket for wall	8621 0715 46	18 kg
328S-B-AA	Bracket for wall	8613 2346 25	18 kg
328S-T-A	Trolley	8613 2346 29	18 kg
328S-T-AA	Trolley	8613 2346 26	18 kg
328S-TP-A	Tripod	8621 0715 05	19 kg
