

## SPRAY PACK PF 328S-AA

This is a complete unit with an air assisted airless pump (Ecco Power Flow 328S-AA), regulators, hoses for paint and air and the EccoMix spray gun for best finishing and spraying capacity. The EccoMix gun gives a smooth finish and can be used in a variety of applications. The spraying method is versatile since the painter can adjust both air volume, paint pressure and spray pattern during operation.
